

Editorial

This volume of Fontanus was edited by Professor Emeritus Peter McNally and Senior Archivist Gordon Burr. We wish to thank the invaluable aid and support that we received from the Dean of Libraries, Colleen Cook and the team of people that enable this type of project to come to fruition. A big thank you to Rhiannon Hebert and Nicola Vernon for their copy editing skills, Alex Kohn for her advice on copyright, Jessica Lange for her kind support of a neophyte editor and Jennifer Innes for her invaluable technical skills that in the end made this publication possible.
